U. S. TOUR TOOK A FULL YEAR

Mr. and Mrs. George Simeral of Los Angeles, who retired last year after passing seven years in the Indian service at the local reservation, were in Ukiah a few days of this week on their way home from a most remarkable tour of the United States. They were domiciled at the Ukiah Auto Court for a few days and were later house guests of Mr. and Mrs. W. E. Detrick with whom they were friends and neighbors at Bishop where the Simerals were 14 years in the Indian service and where the children of the two families went to high school together.

Mr. and Mrs. Simeral, who recently celebrated their fortieth wedding anniversary, are now retired from the government work and are both receiving a pension.

They had planned to take their long-anticipated trip soon after leaving Ukiah but were delayed by illness and death of their only son, Fred Simeral, of Los Angeles, a disabled war veteran. They have two daughters and their husbands, a daughter-in-law, and six grandchildren living in Los Angeles, near whom they have bought a home. They left Los Angeles September 5, 1933 and during their year's absence visited every capital city in the United States except Sacramento and Carson City which were included in the concluding lap of their itinerary.

They are both well versed in American history and literature and have visited every important historical and literary shrine in the country, including all the great battlefields, national cemeteries and homes of the famous authors. They have inspected all the great factories and architectural structures in the country.

To their young grandson, George Axt in Los Angeles, they sent nearly 600 picture post cards of county court houses bearing the postmark of the county seats which they visited and to Lawrence Parker of Los Angeles, another grandson, they sent an equal number of pictures of the great bridges they crossed. They have had excellent health all the time they were gone and are looking fine. The trip was made without accident or trouble in a car purchased from a Ukaih firm which now shows a record of 38,000 miles. They went by the southern route to St. Louis where they visited at Mrs. Simeral's early home thence to Chicago where they were guests of Mr. Simeral's brother Allen and enjoyed a week at the World's Fair.

They zigzagged back and forth through the southern states from Austin, Texas, to Miami, Florida where they enjoyed the winter. They helped to welcome President Roosevelt when he got off the train at Jacksonville, Florida, and boarded Vincent Astor's yacht which was lying in the St. John's river. They said he waved his old battered brown hat as if he knew them. They started north in March with Augusta, Me., as their ultimate destination on the Atlantic coast.

A highlight of the entire tour was the five weeks spent in Washington, D. C. where they occupied an apartment two blocks from the capitol. They had visitors admission cards to the gallery and attended the sessions of the senate every afternoon. The debates on the historic legislation conferring almost dictatorial powers on the president were of great interest to the Californians.

They visited famous shrines of the Middle Atlantic States connected with such figures of history as Washington, Jefferson, Franklin, LaFayette and later men of fame like Theodore Roosevelt, Dewey, Wilson, and others.

Mr. and Mrs. Simeral were greatly impressed by the neatness of the New England States which were all more or less like a well kept park. They visited Plymouth Rock, Paul Revere's grave, and the spot where the shot was fired that was heard around the world.

Their visit to the Ford plant was a memorable event of the trip. They made a most interesting pilgrimage to the home of Stephen Foster at Bardstown, Ky., where he wrote such songs as "My Old Kentucky Home," "Old Black Joe," "Way Down on the Suwannee River," etc. This is said to be the most visited spot in the United States except Mt. Vernon.

They painted a dark picture of the drouth area. They drove hundreds of miles through these strcikken states where there was not a living spear of grass or grain, plant, or tree and the parched soil was blown away and drifted in the fence rows. There has been but a few inches of rain since 1929, and as the normal precipitation is only about 20 inches, it is believed that the region can not come back as a result of nature's neglect. The ground is dry ten feet down as the evaporation is so great it is not likely that there will be enough rainfall to connect the surface and soil moistures again. People are moving and driving or hauling their stock out on trucks. In the wheat regions, the giant elevators stand empty, ghastly reminders of the great calamity that has ovetraken the country.

Travelling through the cool and verdant states of Washington and Oregon was a welcome relief from the heat and desolation of the drouth region.

After viewing every sight worth seeing in the United States, Mr. and Mrs. Simeral enthusiastically declare that there is nothing elsewhere in the country to equal the magnificence of our own gigantic Redwood trees.

SOCIETY WEDDING

The M. N. Donohoe family, of Ukiah, received invitations to attend the wedding of Miss Ruth Burkhalter and John Beals, Jr., the description of which occupied a large part of the Monday Chronicle's society page. The father of the bride, Frank Burkhalter, who is vice-president of the Southern Pacific Railroad, is a first cousin of Mrs. M. N. Donohoe, their mothers having been sisters. His father, Charles Burkhalter was an astronomer of note and had charge of Chabot Observatory in Oakland over 30 years. The Burkhalters have visited frequently over a long period of years with the Donohoe family in Ukiah and with the Busch families in Potter Valley.

The Burkhalter-Beals wedding ceremony was solemnized in the Piedmont Community church at four o'clock Saturday afternoon with Father F. Gee and Rev. F. Swan officiating.

Behind the altar was hung a cloth of gold bordered with garlands of autumn flowers in shades of russet and gold with an enlivening touch of turquoise. The altar was adorned with a great golden bowl filled with bright colored fruit, combined with golden chrysanthemums, gladiolas, lillium auratum, Talisman roses and oak leaves, giving a rich autumn coloring of superb beauty. The bride, who was given in marriage by her father, wore a beautiful and becoming ivory satin gown made on slender princess lines with cowl neck fastened with pearl clips, and a sweeping full train. The long bridal veil, which fell from a tiny tule cap, was caught at the back of the head with a wreath of orange blossoms. The bride carried a round bouquet of lilies of the valley, gardenias and bouvardia. Her three bridesmaids wore charming costumes of apricot chiffon with turquoise accessories and carried bouquets of Talisman roses and apricot violas tied with apricot velvet ribbons.

Following the ceremony a reception was held at the Burkhalter home in Piedmont.

Upon their return from their honeymoon, Mr. and Mrs. Beals will make their home in Oakland. Felicitations are extended to the happy young couple from relatives and friends in Ukiah and vicinity.

GEYSERS POWER CO. FAILED TO GET HEALDSBURG'S CONTRACT

Company That Tried To Come Into Ukiah A Failure

A contract under which the Geysers Development company was to have furnished electric power for the city of Healdsburg was canceled by the city council, without ever having been in effect.

Power Company Fell Down

Under the contract, signed in 1933, the company agreed to furnish Healdsburg with its power starting September 1, 1934. Development of the company's power system was delayed, however, and the first of September found it unable to provide the "juice."

Continue With P. G. & E. Co.

The city will continue receiving its power from the Pacific Gas and Electric company, for the time being at least, councilmen said.

Came To Ukiah

It will be recalled a representative of the Geyser's Power Co. came to Ukiah and attempted to make a contract with the city of Ukiah for power and light. At the time the local trustees held to the belief the Sonoma company simply sought to get a contract, which probbaly would never be complied with, but which would, the trustees believed, be used by the promoters to sell stock.

Lost First Time

One of the men who came here to put over the contract with the city was the same engineer who, a few years ago, visited Ukiah and got a number of local men to put up $100 each to bring a pulp factory here and which ended in no factory and the loss of the money the Ukiahans put up.

Dr. and Mrs. W. H. Wadsworth, of San Francisco, have been in town several days. Dr. Wadsworth owns a summer home in this county which he is improving and which will one day be a show place.

Old Ukiah Favorites Were At State Fair

Mr. and Mrs. E. W. Stephens, of Burlingame, were at The Senator Hotel, Sacramento, last week and renewed acquaintances with old Ukiah friends. Mrs. Stephens, who possesses one of the finest voices in the state, often delighted Ukiah audiences with her solos while here. Mr. Stephens, in charge of the Baby Beef Show, which annually is drawing greater crowds, has made a decided success of his duties as head of the big organization.

HAVE A SON

Mr. and Mrs. Garrie Heryford are rejoicing over the birth of a baby boy Friday morning, September 8, weight eight pounds and 10 ounces, at Ukiah General Hospital. Dr. J. J. Kirwin reports mother and child doing nicely. Mrs. J. W. Butler is the maternal grandmother and the little one has been named Garrie Frederick.

John Burgess, for years a popular resident of Ukiah and who for some time has been living in the Elk Creek, Eden Valley, section, was in town the last of the week on one of his infrequent visits.

Donald Bull, son of Mr. and Mrs. F. C. Bull, has gone to San Francisco where he has obtained a position on the Golden Gate bridge.

R. L. Dennen and daughters visited relatives on the south Mendocino coast Friday and Saturday.

Mrs. George E. Kinman, of Potter Valley, was shoppng in town Friday afternoon.

BEAUTIFY YOUR HOME

Build the New Lawn Now

THE WAY in which a lawn is started means a very great deal. A few handfuls of grass seed thrown on the ground and raked in may make a green spot in front of the house but it will never make a good lawn. Care must be taken in the preparation of the soil. A most essential procedure with a new lawn is to work a good grade of garden peat moss into the soil. Don't be persuaded to use a peat moss suitable only for poultry litter just because it costs a little less. The proper grade of peat moss is finely granulated—can be incorporated in the soil very readily.

After the peat moss has been applied spread about five pounds of Gaviota Garden and Lawn Fertilizer to each 100 square feet. Be sure to specify Gaviota Brand, as it is California made for basic soils of the Pacific Coast.

The kind of soil you use is of paramount importance. Poor seed can never make a good lawn, no matter how carefully you look after it. A few pence more spent on good seed saves many a dollar later on, besides the fact that a patchy lawn is not a thing of beauty.

We carry in stock all the things you will require for the making of that new lawn. The rains will soon be here. Sow your lawn now and take advantage of the rainy season.

INDEPENDENT STORES MOVE

A Meeting At Cloverdale Plans Organization Here

There has been formed in San Francisco, by a group of wholesalers and factories, an organization, the major objective of which is to help the independent merchants secure more business. This organization is known as "The Allied Independent Merchants & Home Owned Business of California, Inc."

Who Manager Is

The directors of this group are composed of independent wholesalers and retailers and is being managed by Albert L. Walters, whose office is at 580 Market Street, San Francisco. Mr. Walters is the state manager and is giving his entire time, from a well-conducted office, supporting the activities to promote more business for the independent merchants.

All Are In It

The group includes hardware, groceries, drugs, drygoods, clothing and cured meats, etc., in fact every kind of independently operated retail institution.

Are Forming Locals

Local groups are being formed in practically every community in the state. A meeting was held in the Fair Pavilion, Cloverdale, Thursday evening, with a view to organizing the independent merchants of Lake, Mendocino, and Sonoma counties from Healdsburg north.

Had Big Attendance

The meeting was attended by about 300 merchants and empoyees. State Manager Albert L. Walters of Oakland, was the main speaker of the meeting. He delivered an enthusiastic address setting forth the necessity for and urging cooperation among independent merchants. Max Rosenberg of the firm of Rosenberg & Bush acted as chairman of the meeting.

Those From Here

Ukiah was represented by a large delegation among whom were E. H. Shimmin, Vernon Yates, Dick Mazzoni, Terrel Duncan, Pete Simoncini, J. F. Snodgrass, C. T. Irvin, and others.

Had A Dinner

Preceding the meeting, the force of the Ukiah Farmers' Club met at the Clover Inn where they enjoyed a social dinner which from the standpoints of food quality and service proved to be a meal par excellence.

Those present were Mr. and Mrs. E. H. Shimmin, Mrs. Ethel Ruddick, Alice Phillips, C. D. Rupe, Roy Goodwin, Mary Sanford, Bill Moore, Mr. and Mrs. Bartolomei, T. B. Meek, Mr. and Mrs. W. D. Ford and Mr. and Mrs. H. H. Morse. This group had as their dinner guest A. E. Friedlein of the Baker and Hamilton Pacific Company of San Francisco.

To Organize Here

Plans for an organization for Mendocino, Lake, and northern Sonoma county will be completed at the next meeting which will be held at Ukiah in the near future.

COMMISSION WILL BE ASKED TO DO MUCH WORK LOCALLY

Highway Requests Of Mendocino County To Be Numerous

Mendocino county's highway construction and reconstruction projects were again discussed in detail by the Redwood Empire Association last week following presentation by the Association in Sacramento. Immediate allocation of a portion of the $8,000,000.00 Federal Emergency appropriation was requested in favor of highways in this county.

Championed Our Cause

The Association also asked that projects not financed by the Federal Emergency money be included in the 1935-37 biennium budget of the Highway Commission, now in process of compilation. Spokesmen for the Redwood Empire Association in the conference at San Francisco were Arthur E. Dalton, chairman of the Association's Highways Committee, together with the General Manager. In Sacramento, the presentation for Mendocino county was made by Chairman Dalton, supported by J. P. Kelly, of Sebastopol, president of the Association's Chambers of Commerce Unit, and other officials of the Association. In response to invitation by the Redwood Empire Association, a "Six-Counties Highways Conference" will take place in Petauma on October 4, in charge of the Redwood Empire Association, local arrangements by the Petaluma Chamber of Commerce.

Many Will Be There

Earl Lee Kelly, Director of Public Works, will be present and Association officials expect Harry A. Hopkins, chairman of the Commission, and Commissioners W. W. Barham and Timothy Reardon, together with Division Engineer John H. Skeggs. County supervisors and engineers, together with officers of city and county chambers of commerce, farm bureaus and granges, mayors and city councilmen and others from San Francisco, Marin, Sonoma, Napa, Lake and Mendocino counties will be invited to participate. The session will be similar to that recently held in Eureka for Humboldt and Del Norte counties.

What Is Urged

Following are the highway projects which the Redwood Empire Association is supporting on behalf of this county:

Major realignment and reconstruction of that portion of Route 1 (Redwood Highway) known as Oilwell Hill from Outlet Creek Bridge north of Willits to the Ryan Creek School House north of Willits.

To align Route No. 1 to eliminate dangerous turn just out of the town of Willits.

Widen Route No. 1 through the town of Hopland.

Realign Route No. 1 to eliminate Dutton Creek curve south of the city of Ukiah.

Realign Route No. 1 to eliminate "Death Curve" five miles north of Laytonville.

Reconstruct Route No. 1 between Piercy and Red Mountain Creek.

Request funds to complete construction through the town of Willits, commenced two years ago, but never completed.

Route No. 48, McDonald-to-the-Sea Highway: (Secondary). Request reasonable appropriation for necessary reconstruction and improvements of this route.

Clow Creek Bridge and other bridge replacements and improvements.

Two New Secondary State Highways Inducted in 1933—Request survey, location and construction of Route No. 56 along the Mendocino Coast. (Shoreline Highway).

Jack Crawford was up over the Holiday from San Francisco and returned to the city Monday to resume his duties in the offices of the Golden Gate Bridge District.

Mr. and Mrs. Vincent Tartaglia and the latter's niece and house guest, Mrs. Earl Baker of Los Angeles, were called to Santa Rosa on business, Thursday evening.

Mrs. J. W. Butler was up from her home on La Cima ranch Saturday afternoon.

Dr. R. D. Withrow made a short visit to San Francisco over the week-end.

To The Voters Of Mendocino County

The vote given me in Mendocino county was extremely liberal and most gratifying. I use this medium of expressing my deep sense of obligation and appreciation to the many who rendered my candidacy their splendid support.

RICHARD E. COLLINS,
Chairman, State Board of Equalization.

CLEAN FLUES WARNING OUT

Houseowners Should Be Certain To Have Chimneys Safe

Some excellent advice is contained in the chimney warning issued recently by a fire department in asking all citizens to be sure flues are thoroughly cleaned before again using their heating systems.

Not Far Away

Of course, with the warm Indian summer weather now being enjoyed it seems remote to even suggest fires, but as every resident of the city knows, not many weeks remain before the winter coal and wood supply must be stored.

Well To Heed

And fuel is not the only preparation needed for the advent of fall and winter weather. A check of the records of the local fire fire department shows that scores of fires,—some disastrous, some minor, but all costly—are caused each year by sooty flues. The fire department's advice, "Call the chimney sweep and avoid expense," is well put.

Mr. and Mrs. Stephen Elkins, Mr. and Mrs. Arva Elkins and daughter motored to Ukiah from Mill Valley to visit with friends over the holiday.

Mendocino Leading With Killed Bucks

Mendocino County, with all the county now opened to deer hunters, leads the counties of the state for the largest number of deer killed, with 1,555. Monterey, with 433, is second, and Sonoma turning in 340 tags, is third. The season in this section will close the middle of the month. Uneasiness prevails hereabouts because of the numerous fires which are being started in the woods, most of which are laid to hunters who set fires to drive deer ahead of the flames.

GOES TO ISLANDS

Captain George Horsfall, son of Dr. and Mrs. Wm. Horsfall—Dr. Horsfall being a pioneer surgeon and doctor of southwestern Oregon—stopped in Ukiah Monday while enroute from the Presidio to Marshfield to call on Mr. and Mrs. A. R. O'Brien. Captain Horsfall has been called to Manilla and was enroute to visit his parents before starting on his trip to the other side of the world.

HURT AT BRIDGE WORK

Ralph Aldrich, of Ukiah, who was injured by a falling timber while working on the new bridge being constructed across Rattlesnake creek, returned to Howard Memorial Hospital last week for further care. He is doing nicely.

Mr. and Mrs. A. M. Deacon, of Oakland, have been guests of Mrs. Deacon's parents the past few days.
